## Big/Little Highlights!

"I had such a fantastic time during my new member period, and a lot of it was because my big is so so awesome! And even now, my fam are some of my favorite people ever and I genuinely couldn't wait to be able to give someone else that experience.

Planning clue nights and reveal was so fun and I'm just so happy that I was able to meet Josie and I'm so very grateful that she is my little, I love her to the moon and back!" - Arelly

"I knew I wanted to take a little because I wanted a mini me, and take on that big sister role. My fam is just so cute. I always know I have someone I can ask if I need help with something or if I don't want to go to an event alone. When I had my first date with Heidi I knew it would be her. We talked for an hour about nonsense, but it worked. We are probably the exact same person. I loved getting to surprise her with the clues and confuse her. Hanging out with her feels like I've known her forever. She's so funny. I know she's only a year younger than me, but to me shes so precious. She really is the little of my dreams." - Samiha
